WORKSHOP COURSE DIRECTOR

**Prof. Constantine
Constantoyannis**

University Hospital
of Patras, Greece

Dear Participant ,

The immersive, training program of the workshop, that will be held in the Anatomy Lab of the Medical School of the university of Patras, will allow all the participants to learn step by step , the transforaminal and interlaminar monoportal and UBE approach for lumbar herniations , the pros and cons of each approach, tips and tricks of the techniques and to observe two live surgeries. This extraordinary training course its is a great opportunity to obtain the basic knowledge in theory and act to convert your every day operations from open to endoscopic.
